

INSHA FAKHAR

AI Engineer Intern | Flutter & Frontend Developer

Kharian, Pakistan | +92 318 7871275 | inshafakhar0@gmail.com | github.com/InshaFakhar | linkedin.com/in/insha-fakhar-206782338

PROFESSIONAL SUMMARY

Detail-oriented Computer Science student (Kharian) with hands-on experience in AI/machine learning, cross-platform mobile development, and modern web technologies. Skilled in Python, Scikit-learn, and Flask for building predictive AI applications, with proven problem-solving ability, strong communication, and effective team collaboration through academic projects and a remote frontend internship. Seeking an AI Intern / AI Engineer role to contribute to innovative AI solutions and grow as a professional engineer.

SKILLS SUMMARY

AI & Machine Learning: Python, Scikit-learn, Flask, Machine Learning (Classification Models), Prompt Engineering, Google AI Tools

Mobile Development: Flutter, Dart, Firebase, REST API Integration

Frontend Development: HTML5, CSS3, JavaScript, React

Programming Languages: C++, Python, SQL

UI/UX & Design: Figma, Canva, Mobile App UI Design

Tools & Version Control: Git & GitHub, Android Studio, VS Code, MS Office

Core Strengths: Problem Solving, Commitment to Quality, Communication, Team Collaboration, Agile Adaptability

WORK EXPERIENCE

Frontend Development Intern | Code Alpha (Remote) Jan 2025 – Mar 2025

- Collaborated in a remote agile environment to build 100% responsive web applications using HTML5, CSS3, and JavaScript.
- Developed interactive UI components, ensuring clean, modular, and reusable code structures.
- Implemented mobile-first design principles and executed cross-browser compatibility testing to optimize user experience.

PROJECTS

AI Career Recommender | Python, Machine Learning, Scikit-learn, Flask 2026

- Built and deployed an end-to-end predictive web application using Machine Learning classification models trained on career datasets.
- Developed a lightweight Flask API backend to process user inputs (skills and interests) and return real-time career recommendations.

Smart Campus App | Flutter, Dart, Firebase 2026

- Engineered a cross-platform campus navigation application to streamline location tracking and route-finding for university students.
- Integrated authentication pipelines, secure profile management, dynamic dark/light UI modes, and real-time travel duration estimates.

Fitness Tracker App | Flutter, Dart, Firebase 2026

- Developed a feature-rich health application to log daily workouts, monitor fitness goals, and manage user records.
- Designed an intuitive, highly responsive UI incorporating interactive progress visualization charts.

EDUCATION

BS Computer Science (7th Semester) — CGPA: 3.58/4.00 Expected 2027

University of Gujrat, Pakistan

Intermediate in Computer Science (ICS) — Grade: A+ 2021 – 2023

Govt. Associate College, Guliana, Kharian

Matriculation (Science) — Grade: A+ 2019 – 2021

Govt. Higher Secondary School, Guliana, Kharian

CERTIFICATIONS & ACHIEVEMENTS

- Google AI Essentials Certificate — Coursera / Google (2026)
- Google AI Professional Certificate — Coursera / Google (2026)
- Freelancing & Digital Skills Certification — DigiSkills (2025)
- Graphic Design Certificate — University of Gujrat (2024 – 2025)
- Successfully architected and deployed 5+ independent software projects across mobile, web, and ML domains (2023 – 2026)
