- Soft Skills: Problem Solver, Team Player, Quick Learner

WORK EXPERIENCE

Frontend Development Intern | Code Alpha *Online / Remote* 2025

- Built responsive websites using HTML5, CSS3, and JavaScript.
- Developed interactive UI components with clean, reusable code.
- Worked on frontend development tasks remotely following modern web practices.
- Applied mobile-first design principles and cross-browser compatibility.

PROJECTS

Smart Campus App *Flutter • Dart • Firebase* 2026

- Campus navigation app that helps students locate university buildings and view directions with estimated travel time.
- Includes login/signup authentication, profile management, dark/light mode, and responsive Flutter UI.

Fitness Tracker App *Flutter • Dart • Firebase* 2026

- Flutter-based fitness tracking app to log workouts, monitor progress, and set fitness goals.
- Includes clean, responsive UI with intuitive tracking and progress visualization.

AI Career Recommender *Python • Machine Learning • Scikit-learn • Flask* 2026

- ML-based web app that recommends career paths based on user skills and interests.
- Trained classification model on career dataset; integrated with Flask API for real-time predictions.

Foodies Hub *HTML • CSS • JavaScript* 2025

- Food ordering website with menu browsing, cart management, and order tracking features.
- Responsive UI built with HTML, CSS, and JavaScript with clean, user-friendly layout.

NOTABLE ACHIEVEMENTS

- Completed Frontend Development Internship — Code Alpha 2025
- Earned Freelancing & Digital Skills Certification — DigiSkills 2025
- Graphic Design Certificate — University of Gujrat 2024–2025
- Google AI Essentials Certificate — Coursera / Google 2026
- Google AI Professional Certificate — Coursera / Google 2026
- Built 5+ real-world projects across mobile, web, and ML domains 2023–2026
